

Canapés

How many should I order?

For a small arrival bite we recommend 5 canapés each. Looking to feed those with a bigger appetite? Go for up to 8 each. If your planning on just using canapés as the meal, choose 12 each.

As a recommendation, choose between 5 and 7 options of different canapés to create your menu.

All canapés are £2.00 each. Prices quoted Exc. VAT.
