## **ABOUT US**

Back in 2011, Martyn the Director decided he could offer great hospitality services direct to local customers, providing both quality and affordability. After selling his car and creating a small website, the basics for the company were up and running. We quickly started getting phone calls for Buffet Lunch Deliveries and the company grew to what it is today.

We now delivery daily Lunch Buffets to a number of large local Corporate customers often offering our refreshments to the their overseas Directors.

We work closely with a local Music Events Management company entertaining their VIP guests Backstage during the Festival Season. Suggs from the Brit Award winning Madness quoted our food as 'delicious! Thanks...'

We have recently been awarded the prestigious task of managing the Hospitality services at the Retford Town Hall, and the Worksop Town Hall, along with the Hospitality services of the Fernwood Village Hall, Newark-on-Trent and Balderton Village Centre, Newark-on-Trent.

Our services now cover the whole of the Hospitality Industry from supplying stunning Marquees, Fully Stocked Bars not only in prestigious venues but also from the middle of a muddy field, Event Management, Intimate dinner parties, BBQ's at weddings and Catering for 1000+. Our team loves a challenge and strive to make everything perfect.
